

## Considering different options for your Rheumatoid Arthritis? Maybe it's time for a clinical research study...

We are seeking volunteers to participate in BREVACTA—a clinical research study of an investigational injectable medication for the treatment of RA.

You may be eligible to participate if you:

- Are 18 years of age or older
- Have been diagnosed with RA for at least 6 months
- Are not fully responding to your current RA therapy

Eligible study participants will receive study medications, lab tests and medical supervision at no cost.

**Please call today to learn more  
about the BREVACTA study**
