

Do your allergies

have you constantly reaching for tissue?

Lovelace Scientific Resources is currently enrolling for a clinical research study that is evaluating how effectively nasal medications are delivered into nasal passages.

You may be eligible to participate if you:

- Are a male between 18 and 55 years of age*
- Have been diagnosed with allergies*
- Have not used tobacco within the last year*

Study related visits and exams will be of no cost to you. Insurance is not necessary and compensation for time and travel will be provided.
