

## **Are you diabetic and have symptoms of nausea or vomiting, abdominal pain, bloating, or early fullness after meals?**

We are enrolling volunteers for a clinical research study evaluating the safety and efficacy of an investigational drug for individuals with Diabetic Gastroparesis.

For more information,  
please contact:

**Qualified participants must:**

- Be 18 or older
- Have Diabetes Type I or II for at least 5 years
- Have had the above symptoms or been diagnosed with Diabetic Gastroparesis for at least 3 months

Those who qualify will receive study-related exams, evaluations and study drug at no cost. Compensation for time and travel may be provided.
